Legal Public Notice (Fayetteville, Arkansas)

On May 14, 1992, there was released by the Federal Communications Commission of Washington, D.C., a hearing designation order MM Docket No. 92-107 in re-applications of Bible Broadcasting Network, Inc., Fort Smith, Arkansas, Channel No. 209A, File No. BPED-000816MA and National Christian Network, Inc., Fayetteville, Arkansas, Channel No. 20732, File No. BPED-000823MA, for a construction permit for a new non-commercial educational FM station.

The pre-hearing conference will be held on September 11, 1992 and the hearing will begin September 29, 1992. Both will begin at 8:30 a.m. in the Federal Communications Commission's offices in Washington, D.C.

The issues in the hearing as listed in the Federal Communications Commission's order of designation for hearing are as follows:

1. If a final environmental impact statement is issued with respect to Broadcasting and National in which it is concluded that the proposed facility is likely to have an adverse effect on the quality of the environment, to determine whether the proposal is consistent with the Environmental Policy Act, as implemented by 47 C.F.R. § 1.1301-1.1312.
2. To determine: (a) the number of other reserved channel noncommercial educational FM services available in the proposed service area of each applicant, and the area and population served thereby; (b) whether an air-time arrangement between the applicants would result in the most effective use of the channel and thus better serve the public interest and, if so, the terms and conditions thereof; and (c) in light of Section 307(b) of the Communications Act of 1934, as amended, which of the proposals would better provide a fair, efficient and equitable distribution of radio service.
3. To determine, in the event it is concluded that a choice between the applications should not be based solely on considerations relating to Section 307(b), the extent to which each of the proposed operations will be integrated into the overall cultural and educational objectives of the respective applicants; and whether other factors in the record demonstrate that one applicant will provide a superior FM educational broadcast service.
4. To determine, in light of the evidence adduced pursuant to the specified issues, which of the applications should be granted, if any.

A copy of the application for National Christian Network, Inc. and related materials is available for public inspection during normal business hours at the Fayetteville Public Library, 217 East Dickson, Fayetteville, Arkansas 72707.
